

we're hosting an event **STEELDAY2009**

Peddinghaus

Peddinghaus Corporation - Open House & Demonstrations

On SteelDay Peddinghaus Corporation will open our doors to the industry – especially Architects, General Contractors and Fabricators to visit our facility to see world class fabrication machine tools in action:

With our diverse product line, we will:

- > Demonstrate hole creation in all its' methods -
 - o punched
 - o drilled with twist drills
 - o drilled with high speed carbide
 - o holes created thermally with plasma

- > Host live demonstrations of material handling – beams, columns, tubing, angle, channel.

And we'll be showcasing:

- > Band sawing demonstrations
- > Part identification marking via mechanical or thermal methods
- > Plate nesting with thermal cutting via scrap saving common cut line and chain cutting methods

...and much more

We look forward to seeing you!

Date: September 18, 2009
Time: 9:00 a.m. ->
Event Type: Open house & machinery demonstrations
Location: 300 North Washington
Bradley, IL 60915

Of interest to: Architects, General Contractors, Fabricators

Attendees will see live demonstrations of some of the most advanced machinery available. Participants are encouraged to ask questions throughout.

About Peddinghaus Corporation

From the beginning, Peddinghaus Corporation established itself as a company based on quality in all aspects of operations. From Anvils and Bench Vises to Technologically Advanced Structural and Plate Fabrication Systems, Peddinghaus has served the Steel Construction, Heavy Plate Fabrication, and related Metal Working Industries for 105 years.

Peddinghaus is also considered the “Unofficial Tour Guides of the Structural Fabrication Industry”. We are happy to always sponsor tours of fabrication shops in geographic locations throughout the world. For SteelDay 2009, we will provide the same courtesies. Let us know your interest, and we will explore the opportunities! Give us a call.

Peddinghaus is proud to be a member of the greatest industry on earth, we wholeheartedly welcome any industry participant at any time to visit our facilities. We always say to stop by “The Coffee Pot is Always On”...
